

Resetting Your MyConnection Password

Please remind your employees that they will be required to reset their password **prior to** their first visit to [MyConnection](https://myconnection.skhealth.ca) after AIMS implementation **beginning** the week of October 23, 2022.

- Employees will receive an email from **no-reply@oracle.com**, which will include their username, with instructions to select and confirm a password of their choice, in order to activate their account.
- They should save this email for resetting their password in future.
- The link to activate the account expires after ten (10) days. After this period employees will be required to call MyConnection at 1-833-766-4390 to request another activation link.
- The MyConnection number will only be available **after** the AIMS implementation.
